50 Performance \$1 Happenings

— TATSUYA NAKADAI

Teturya Nakadai is one of Japan's most celebrated actors, and he has appeared in more than 140 films over the course of his six decade long career. During this town, in worked with legendary directors such as Akira Kurosawa, Masaks Kobayashi and Mikio Namue, tool to name a few. At the age of 80, he actively performs in films and on stage, as well as carries out extensive research for his rules. At the spening screening of Kormanoi's Ban at the Museum of the Moving Image's film series. "See It Birs", Mr. Nakadai made. a ners autocorance in front of his Assertican face. Characteric NY counts have backetage, where he discussed his life described to action

Florentine

Why is 3-8 the best time to start your child in music?

Florentine's Yamaha program sets children and parents on a fun and rewarding path in music! Our joyful group setting led by highly trained teachers.

Preview Lessons Sept. 7-8

NOW Music Wonderland for age 3
Junior Music Course for ages 4-5

Music Education

LOVE OF MUSIC CULTIVATED BY YAMAHA METHOD

Yamaha is a well-known method of studying music that originated in Janen in the mid-1950s. It strives to devolop students' comprehensive musical shifty in an environment that inspires a love of music and a lifetime of active music participation. Its courses first teach students to express thanselves creatively through the language of music, and along the way they build performance, improvisation and composition skills. The Yamaha Method has produced award-winning professional musicione correspolat music teachers and many music lowers world. wide. I recently had the chance to visit the Florentine Yemaha Program in Chinetown established in 1988

Horse I was sable to observe the Junior Maste Course for 4-5 war olds tracht by Mr. Junka Arits Other class offerings regade Masso Wanderland for 3-years olds and the 8-8 year old Young Maniplans Course). Dieses are usually 8-8. their same on their news as she posited to seconfurnates for them to follow. The

next own time was learning how to write the Greinf, which the students clearly When the children finally wont to their respective electronic keyloords, they didn't start playing right away. Instead, they engaged in sollings, a singing technique used to teach prich and train engots an eight reading. It was array-

My Artirs lead in this carries. When they proved into actual come elaying Ms. Anta would sing and say the notes name so the students could then play this way until they were able to play the whole thing

greach here. According to Mov, the emphasis on around leasures in because Yumahu's definition of success is more than perfect playing. It also includes the provition of students who are educable, and who can plus well with othwith a said faundation of musical theory that over them these coppers. Ms. Aritz echoes this seatment with. "No metter what not or skill level, they all came inverse with a loss of music."

When I returned to the plansmoon, the students were engaged in a scalful resdriven of "Sayonares" she song used to close the class. They would be parting for their summer wearfule, but be back in September ready for more learning

- Reported by Story South
